

Population

At the moment, 2 944 459 people are living in Lithuania.

Due to emigration in various times of history, a large part of lithuanians live in foreign countries.

There are altogether 4,2 million people who concider themselves as lithuanians.

Religion

The predominant religion in Lithuania is Christianity. Lithuania was actually the last pagan country in Europe.

Cepelinai

Our national food is called cepelinai (zeppelins)

This dish is made out of grilled potatoes with meat filling. Often we like to spice the flavor with sour cream or cracklings.

Laser industry

What can a small post-soviet state whose population totals a little over 3 million surprise the world by? By achievements in scientific research, say Lithuanian creators of laser technologies. Laser technologies is one of the spheres of high technologies in which Lithuania has the lead

Biotechnology

Lithuania's life sciences industry has been skyrocketing over the last two decades and is now regarded as one of the most advanced in Central and Eastern Europe.

Medicine

The latest scientific findings incorporated into medical treatment guarantee a solid position for Lithuanian medicine in research and medical technology.

Organisations

Many Lithuanian teenagers are united by different organisations. Some of them are religious type, self-improvement, some are just for fun or helpful to young people to discover themselves as a person. There are three main organisations: Lithuanian Scouts Union, Operation „Snowball“ and Lithuanian Students' Union.

Scouts

Scouts motto is “entertainment with purpose”, it means that they are trying to develop their knowledge about nature and survive in many different situations. But, of course they are the part of this organisation because it is a place where you can learn many new things and have a good time at the same time.

Operation „Snowball“

People who belong Operation Snowball organization are planning prevention camps for students, where every teenager not just have fun, but also can expand their knowledge about drugs and its harmfulness.

Lithuanian students' union

Lithuanian Students' Union connects students and adult political opinions and influence education reform. So active teenagers are one of the biggest treasure in our country.

Festivals

As you heard, Lithuanian teenagers never sleep, especially in summer. So in our country we have a lot of different festivals for people of all ages. For example: Karklė is a live music festival on a sea shore with more than twelve thousand people attending it every year.

Other festivals in Lithuania, such as Blues nights, Granades, Tamsta music and Tundra are also keeping up.

Druskininkai

We also can be proud of Druskininkai city - an international, active through the whole year resort with mineral water, mud and climate therapies.

In this town we can met a lot of people, who just want to relax on their holiday. There you can find an aqua park, snow arena and a

lot of spas and hotels. Druskininkai is a quiet resort , perfect for people who just want to escape their daily routines

Resorts near the sea

We also have a few other resorts near the sea, where a lot of tourists come to look over the Baltic sea. One of them is situated on a peninsula. It's called Nida. There you can find amazing nature, pine forests . But the most incredible things in this town are the magnificent dunes.

We think that this short film will help you to understand who we actually are. We are simple, happy, tolerate, stubborn, little crazy sometimes. We want to speak loudly and to be heard, just like all of you. So, enjoy our little movie.
